GQTS-7-11
m-3 - #9

Vessel is white with red trim. It is very large, superstructure somewhat to the front, with an extensive open area to the rear, upon which it is carrying something very large and white ("the main thing on the vessel")

A crew of 6-12 men is aboard and is aware of the contraband aboard - are "protecting it."

Contraband is a "very large quantity of marijuana from Mexico." It has been "hammered in" (that is, nailed behind something) in the area of the vessel indicated on the enclosed diagram.

The words "Jackson" and "DOSS" surfaced phonetically.

Location is as indicated on attached map.

9 QTS-7-II

- See attached map. The area north of the islands, and bonded by Santa Barbara and Fort Arguello is of continuing interest

1. Determine the location of the most actionable vessel involved in the shipment of contraband in the form of illegal drugs

2. Describe the vessel.

3. Locate and describe the contraband aboard ship.

4. Provide phonetics as a means to determine the ~~#~~ name of vessel and its call sign.
